

Paracord Person

Introduction

Create a keyring person using 2 colours of paracord and a wooden bead by following the video demonstration.

Share a picture of your model with your leaders which will contribute towards the craft activity badge and creative challenge award.

Before you Start

Make sure you have a clear work area. It may be worth having everything on the a tray so it doesn't get lost.

Only use the paracord as suggested.

Be careful when using any tools.

You will Need

40cm of coloured paracord (supplied)

90cm of a different coloured paracord (supplied)

1 split ring (supplied)

1 wooden bead (supplied)

Scissors

Instructions to make your Paracord Person

- Follow the instructions, having threaded the split ring and wooden bead to the shorter length of paracord.
You can swap the split ring if you want to use a larger one or if the one supplied goes through the hole in the bead.
- As you tie the body of your paracord person, pull it tightly at every stage.
- Tie off the ends of the paracord tightly and cut them off closely to make the hands and feet.

Optionally

Draw a face on your paracord person 😊.
